

# HSBC Mobile Banking App – Introduction to all features of our Mobile App

## Video Transcript

Bank on the go with the HSBC Mobile Banking App.

Setting up your HSBC Mobile Banking App is easier than you think, and very secure.

Just download the app to your device

Then register for HSBC Mobile Banking in 4 quick steps:

1. Verify Identity
2. Create Username
3. Set Security Questions
4. Create Password

The Digital Secure Key replaces the need for a physical Secure Key and you can access Mobile Banking with a single password.

Alternatively, you can logon with your finger print.

Requires the Digital Secure Key and iPhone 5s, or later, running iOS8 or above.

With Fast Balance you can check your balance without having to logon.

Make payments in 3 simple steps.

Register for Paym to send and receive payments using just a mobile number.

View up to 90 recent transactions.

The HSBC Mobile App, download today.
