Chip and PIN

To help prevent fraud, chip and PIN combines the latest technology in a chip card with your personal four digit PIN. If you are unable to use chip and PIN, please let us know by calling us on **03456 00 61 61***.

Contactless

For your convenience, it comes with contactless technology, a simple tap to pay for purchases up to £45 at checkouts displaying the contactless logo in the UK** and overseas. And don't worry, contactless payments are safe and secure, you are 100% protected against fraud, just like you are with Chip & PIN payments. You will need to make at least one chip and PIN transaction before contactless is enabled.

You will need to make one Chip & PIN or signature transaction to enable contactless on your card, but after that you're good to go. For your added protection we may decline a contactless payment from time to time and require you to complete the transaction by Chip & PIN or signature instead, to make sure it is you. When this happens simply insert your card into the card reader and enter your PIN or provide your signature when prompted.

Please note: If you've asked for a non-contactless card, the contactless information in this guide won't apply to your card.

Advanced Fraud Detection System

Our technology will look out for any unusual activity on your account in order to help prevent fraud. If you're planning to make any unusually large transactions, we recommend that you give us a call to let us know in advance.*

Instant cash

You can withdraw up to £1,000 a day at any cash machine using your PIN or over the counter at all banks in the UK** and abroad displaying the Mastercard® symbol.

* See 'How to contact us' on page 15.

** Within the UK includes the Channel Islands and the Isle of Man.

All cash withdrawals, both over the counter and from cash machines, are subject to a fee. Card transactions made abroad are subject to local regulations and a non-Sterling transaction fee. For details of the cash fee and non-Sterling transaction fee, please see the back of your statement.

While Online

We will automatically register you for Mastercard Identity Check. It is an additional security layer when you spend online and is designed to protect both your account and your money against unauthorised use.

The "Get Safe Online" (www.getsafeonline.org) initiative has been sponsored by five government departments and ten private sector organisations including HSBC. It offers useful information about using the Internet safely and provides links to sites where you can download free security software.

While Abroad

You can use your HSBC Premier Credit Card at over 24 million outlets worldwide, wherever you see the Mastercard® symbol.

Global Assistance

24-hour worldwide assistance if your HSBC Premier Credit Card is lost or stolen overseas.* We will also, if necessary, issue you with a replacement card the next day, or an emergency cash advance.*

You don't have to tell us when you're going abroad

If we have any concerns about a transaction made using your card, we'll get in touch to check it's genuine, so please make sure we have the correct mobile number and email address for you. If you need to update your mobile number or email address, or to check the one we have, log in to Online Banking and select 'contact details'. Alternatively, call us on **03456 00 61 61**, or come into a branch.

Using your card abroad

You can also use your Chip and PIN card to withdraw cash from cash machines abroad that display the Mastercard symbol. Before you travel abroad it is very important that you know and remember your PIN. You will not be able to change or unlock your PIN at cash machines overseas.

When paying for goods and services or withdrawing cash overseas, you may be given the choice to conduct the transaction in Sterling.

- ◆ **Choosing to pay in local currency:** HSBC will handle the currency exchange at wholesale market rates for you. We will apply a non-Sterling transaction fee to the Sterling amount of the transaction which is shown on the reverse of your statement;
- ◆ **Choosing to pay in Sterling:** HSBC cannot handle the currency exchange. The exchange rate given to you may differ from the wholesale market rate and a different charge may be applied, meaning that you could pay more.

* See 'How to contact us' on page 15.

Balance transfers

We periodically offer promotional interest rates on balances transferred from other credit or store cards.

If you would like to transfer a balance to us make sure you have your other card(s) handy and contact us to find out our latest rates.* Alternatively log on to Online Banking at **ciiom.hsbc.com** and follow the prompts.

Important notes about balance transfers

- ◆ A handling fee applies to balance transfers. For details please see the back of your statement.
- ◆ Balances can only be transferred from credit and store cards not issued by HSBC Group members which includes first direct, John Lewis Financial Services Ltd and M&S Bank.
- ◆ A balance transfer (including the balance transfer fee) must not cause the credit limit applicable to your account to be exceeded.

- ◆ HSBC Bank can decline balance transfer requests and accepts no liability for interest and charges incurred due to the transfer not being made by the anticipated date.
- ◆ Requests for a Balance transfer received by us after 3.30pm (or received on a non-working day) will be treated as if they were received the next working day. It can take up to three working days, from the day of receipt by HSBC, for the money to reach your other credit or store card provider, written requests can take up to four working days.
- ◆ Once your balance transfer has been processed, it cannot be reversed.
- ◆ Your first repayment will be due the following month, even if you have transferred a balance at a 0% introductory rate.

Free additional card

You can give three members of your family or close friends a credit card on your account as long as they are over 18 years old. The nominated people will receive their own card (with their name on it) and the transactions will appear on your statement. The primary cardholder is responsible for repayment of the full balance on the account.

If you would like to take advantage of a free additional card, please contact us.*

Security tips

Some tips for better credit card security

- ◆ Sign your new card as soon as you receive it;
- ◆ Contact us if your replacement card does not arrive a week before your old one expires;
- ◆ Never write down or disclose your PIN and security information. Never let anybody else use your card or account;
- ◆ When changing your PIN choose a number that cannot be associated with you and is not a sequence such as 1234 or 1111;
- ◆ Fraudsters can fit devices to the front of cash machines with the aim of stealing your card or capturing information from its magnetic strip. If you notice anything unusual about a cash machine, do not use it. Instead, call our 24-hour Lost and Stolen Cards team* or the police;
- ◆ If the cash machine does not return your card when you expect it to, do not re-enter the PIN. Report the loss of your card to our Lost and Stolen Cards team immediately;
- ◆ Keep secure (or shred) all receipts and letters that contain your name and address or other personal information;
- ◆ Check your statements regularly. Unless you tell us about any transactions you do not recognise, we will treat all transactions on the account as yours; and
- ◆ We may contact you by telephone, letter or text message/SMS to advise that there may be suspicious activity on your account. We may also leave a message to ask that you call us. If we leave a message, you should contact us as soon as possible. If you don't contact us we will assume that all transactions on the account are yours;

If your card is lost or stolen, or likely to be misused, tell us immediately on **03456 00 61 61**, or on **+44 1470 697139** from outside of the UK, Channel Islands or Isle of Man.

Chip and PIN

Changing your PIN

You can change your PIN to a more memorable number at any of our cash machines in the UK, Channel Islands or Isle of Man, once your new card is activated. However, you cannot change your PIN within 60 days prior to the expiry date of your current card or at any time between the order and receipt of a replacement card.

Insert your card at any HSBC Bank cash machine, select 'PIN Services' and follow the instructions. Please don't choose a number that might be easy for someone else to guess.

Forgotten PIN

If you can't remember your PIN, you can request a PIN re-advice by contacting us or from Online Banking.*

Unlocking your PIN

If you have incorrectly tried three consecutive times to key in your PIN – even in three separate places – your PIN will be locked.

- ◆ If your PIN has been 'locked' and you later remember it, you can quickly and easily 'unlock' it at any HSBC Bank cash machine. Select the 'PIN Services' option and follow the instructions.
- ◆ If your PIN has been 'locked' and you can't remember it, you will have to request a PIN re-advice by contacting us* or from Online Banking. Once you receive this, you will still have to 'unlock' your PIN – again you can do this at any HSBC Bank cash machine in the UK, Channel Islands or Isle of Man. Select the 'PIN Services' option and follow the instructions.

**Remember – never give your PIN details to anyone.
Keep your PIN secret.**

If you are unable to use chip and PIN, please let us know by calling us on **03456 00 61 61***

* See 'How to contact us' on page 15

Additional information

Sterling currency

Sterling currency includes transactions made in the UK, Channel Islands, Isle of Man, as well as transactions overseas where you choose to pay in Sterling rather than local currency.

Recurring Transactions

A recurring transaction, sometimes called a continuous payment authority, is a series of payments collected with your agreement from your card by a retailer or supplier (for example, insurance cover). This is an agreement between you and the retailer. The Direct Debit Guarantee does not cover these transactions. If you wish to cancel a recurring transaction, you can do this by contacting the retailer or us. If you contact the retailer you will also be able to deal with the agreement you have with them and you can make other arrangements for payment or cancellation of the goods or services. If you cancel with the retailer, we recommend you keep evidence of the cancellation. Once you have cancelled, if the retailer does try to collect any future payments under the recurring transaction agreement, we will treat these as unauthorised. If we miss any of these cancelled transactions, please contact us.

Disabled customers

We offer a number of services for disabled customers. We can provide this guide in Braille or large print. Any item of literature can be sent in a customer's preferred format. For further information please contact any of our branches, or telephone us.*
